

Lockton Insurance Products

California Critical Access Hospital Network (CAAHN) partners with **Lockton**, the world's largest independent, privately owned global insurance broker. They create specific programs to cater to the unique needs of rural healthcare. Lockton representatives take time to understand individual goals in order to deliver tailored insurance solutions. The same team that designs, negotiates, and implements the insurance plan with the carrier is also responsible for managing the client's service needs. CAAHN insurance products provide general and professional liability insurance, auto and D & O insurance, and employee health and life insurance.

Property and casualty products:

- Medical Professional Liability
- General Liability
- Umbrella Liability
- Property
- Directors & Officers/Employment
- Practices Liability/Fiduciary
- Liability
- Auto & Ambulance
- Builder's Risk
- Crime

For CAAHN members, Lockton will:

- Recommend and facilitate the implementation of new processes or technology.
- Broker reinsurance and negotiate terms of reinsurance contracts.
- Select, negotiate, and manage TPA and PBM service vendors.
- Evaluate or recommend managed care network arrangements.
- Broker group life, disability, and other non-medical benefit plans.
- Evaluate processes in place to administer existing plans.
- Support clinical risk management.
- Provide ongoing support.

Working together to strengthen
the health of our communities
