

Exhibit A Attachment 1 – Work Plan

Goal	Activity	Performance Measures/Deliverables	Due Date
<p>Support Critical Access Hospitals (CAHs) in implementing quality improvement activities to improve quality of care and to consistently publicly report data on MBOIP quality domains: Patient Safety, Patient Engagement, Care Transitions, Outpatient, Patient Safety Culture Survey</p>	<p>Support CAH participation in Kansas-based Quality Health Indicators (QHI) benchmarking project by hosting semi-monthly QI roundtables to provide education on MBOIP measures and reporting requirements, discuss data, reporting, tools and resources and best practices for MBOIP quality domains and associated MBOIP reporting measures.</p> <p>Support CAH participation in QHI through project administration, technical assistance, data monitoring, analysis and reporting.</p> <p>Analyze, summarize and report on CAH QI data (QHI and MBOIP):</p> <ul style="list-style-type: none"> Track and report to CAHs statewide participation and outcomes at each QHI roundtable. Use hospital specific data snapshots for all CAHs participating in QHI as a tool for encouraging quality improvement and reporting. Disseminate to hospitals. Conduct ongoing QI needs assessments using MBOIP data, FMT reports and CAH QI needs assessment surveys on a quarterly basis. Through data analysis, identify low scoring and non-reporting hospitals and support outreach activities to targeted CAHs. <p>Provide direct MBOIP technical assistance and training for CAH staff through on-site technical assistance and webinars to set up reporting processes, train staff on MBOIP and provide follow-up support for targeted CAHs.</p> <p>Participate in multi-state collaborative(s) as specified by CalSORH.</p> <p>Provide a minimum of two Rural Trauma Team Development Courses (RTTDCs) at two CAHs.</p>	<p>Agendas, materials, notes, attendance reports for each roundtable</p> <p>Technical assistance tracking activities report</p> <p>MBOIP data reports on statewide and hospital specific basis that include reporting information as well as MBOIP measures data analyses, trends.</p> <p>Reports on statewide and hospital specific MBOIP participation and measure outcomes, including hospital snapshots and analyses</p>	<p>15 working days after each roundtable</p> <p>15 working days after request from CalSORH</p> <p>30 working days after each quarter</p> <p>15 working days after the end of each training and/or quarterly</p> <p>15 working days after each training</p> <p>15 working days after each training</p>

Exhibit A Attachment 1 – Work Plan

Goal	Activity	Performance Measures/Deliverables	Due Date
	Using findings from the prior year patient safety culture survey, conduct direct technical assistance and trainings (webinars or TBD based on findings) for CAHs.	Hospital participation, information, training materials, outcome data	15 working days after each training
Financial and Operational Improvement			
	<p>Conduct a financial and operational needs assessment survey of CAHs:</p> <ul style="list-style-type: none"> • Distribute survey results to participating CAHs. • Analyze and report on data from Flex Monitoring Team and QHI financial data. • Provide a minimum of two financial/operational improvement webinars. 	Needs assessment survey results, Webinar materials, evaluation results	30 days after survey 15 working days after each webinar
	<p>Coordinate California Critical Access Hospital Network (CCAHN) user group meetings of CFOs by:</p> <ul style="list-style-type: none"> • Discussing operational and financial issues. • Distributing final assessment results to attendees. • Based on the needs assessment results, discuss challenges associated with financial and operational improvement, Flex Program FOI goals, possible projects and obtain stakeholder feedback on using results to inform Care grant awards. • Reporting Flex Program plans and obtaining stakeholder feedback. • Promoting data reporting that aligns with the 11 financial indicators supported by Flex. 	Agendas, meeting and webinar materials, stakeholder feedback on Flex Program	15 working days after each CFO meeting
	Conduct a Lean webinar featuring Lean process improvements and CAH best practices.	Agendas, training materials, participant evaluations, information on all follow-up activities	15 working days after each webinar
	Provide one-on-one Lean training to a minimum of three hospitals based on the needs assessment. Provide follow-up opportunities for each of the participating hospitals.	Agendas, training materials, participant evaluations, information on all follow-up activities. Report on outcomes due to Lean implementation.	15 working days after each webinar August 31, 2018
